

Mechanical and Automation Fitter/Assembler

Join a World Leader in Thin Film Technology!

Are you a hands-on, mechanically minded individual looking to advance your technical career? Intlvac Thin Film, a cutting-edge industrial manufacturing company in Halton Hills, Ontario, is seeking a Mechanical and Automation Fitter/Assembler to join our dynamic team. This is a unique opportunity to work with a global leader alongside top scientific researchers, software programmers, and mechanical and electrical engineers.

Why Choose Intlvac?

- **Innovative Environment:** Be part of a world-class team pushing the boundaries of thin film technology.
- **Professional Growth:** Expand your skills and knowledge in a hands-on role with continuous learning opportunities.
- **Competitive Pay:** Earn \$22 to \$25 per hour, based on experience, with full-time hours and a stable schedule.

Your Role:

As a Mechanical and Automation Fitter/Assembler, you'll be at the heart of our manufacturing operations. Your day-to-day tasks will include:

- Assembling high-purity gas and coolant lines for our advanced thin film coating machinery.
- Collaborating on system assembly and performing precise tubing system layouts, installations, and repairs.
- Utilizing hand and power tools to modify, clean, and maintain air and tube systems, units, fittings, and related machinery.
- Conducting quality assurance checks to ensure top-tier performance.
- Maintaining a clean, safe, and organized workspace.
- Taking on additional duties to support the team and meet production goals.

What We're Looking For:

- Minimum 2 years of experience in mechanical fitting and assembly.
- Proficiency with hand tools such as saws, facing tools, and cutting torches.
- Ability to conduct leak testing and read technical drawings.
- Fine motor skills, strong attention to detail, and a quality-conscious mindset.
- Enthusiasm for learning and continuous improvement.
- Physical stamina to be on your feet and lift up to 50 lbs as needed.
- Bonus: Experience in machine building, auto mechanics, motor repair, or similar hands-on hobbies.

Location & Schedule:

- Full-time, Monday to Friday, based in Halton Hills, Ontario.

Ready to Apply?

Send your resume and cover letter to Intlvacjobs@intlvac.com. Only direct applications will be considered.

Embark on an exciting journey with Intlvac Thin Film and make a tangible impact on groundbreaking technology!
